Student Learning Outcomes Assessment: Dr. Kristina Garrett is the faculty member who is responsible for the assessment of the student learning outcomes. She will be sending a list of which SLOs will be assessed for each semester. Garrett is also the person responsible for entry of the data into Weave for documentation.

Course Evaluation: See the instructor’s course information sheet for specific items used in evaluating student performance. However, all courses will have multiple exams and written work that is designated by the instructor of record.

Attendance Policy: Students are expected to attend all classes in order to be successful in a course. For this online course, attendance will be based on a student completing work by the due date for each item. Due to South Plains College attendance policies, any student who fails to attend two consecutive weeks during the semester or fails to attempt a minimum of two major grades may be dropped from the course with an ‘X’ or ‘F.’ Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. Simply logging into class before the official attendance date does not count as attending – at least one assignment must also be submitted. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

Disability Services Policy: Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. CLASS POLICIES

Respect for Fellow Students: It is the policy of South Plains College to offer all educational and employment opportunities without regard to race, color, national origin, religion, gender, disability or age. All students will maintain respect for fellow classmates' personal beliefs, values, morals and life situations. In short, "Bigotry will not be tolerated." (Student Guide)

Disruptive Behavior: Do your best to be respectful of others and their right to learn in a peaceful environment in all aspects of classroom behavior. Disruptive behavior includes, but is not limited to creating distractions, talking out of turn, talking with classmates during lecture, wandering in and out of class, chronically showing up late, chronically leaving early, or improper use of technology. "Failure to comply with lawful directions of a classroom teacher relative to maintaining good order is considered misconduct on the part of the student. Repeated violations of disrupting a class will result in the student being dropped from the course." (See Student Guide)

Late work: All assignments are considered late if they are not submitted by 11:59 PM CST on the day they are due. For each week that assignments are late, a 10% deduction in the overall grade for that assignment will be enforced. Assignments will not be accepted after two weeks past the original due date, except with instructor permission. Assignments other than the Final Exam will not be accepted after the last official day of class.

It is the student's responsibility to plan ahead to submit assignments on time. If you are traveling, etc. and are unsure of your access to the internet, it is strongly recommended that you plan ahead and submit assignments and take quizzes early. If for some reason the Blackboard system is down and the class has trouble accessing the quiz (this is rare but has been known to happen) I will work with the class to create a new due date. The key is this: internet access is required for this course, if you are unsure of your potential access submit early!

At times, extraordinary circumstances (death in the family, verified illness, etc.) may occur in student's lives that impact their assignment submission. In these circumstances, course assignments (e.g., quizzes, written assignments, etc.) might be granted an extension from the instructor. If you feel your circumstances warrant an extension, please email the instructor within one week of the original due date.

Methods for Assessing Expected Student Learning Outcomes: Quizzes, writing assignments, midterm exam, final exam.

COURSE ASSIGNMENTS/GRADING INFORMATION:**Online Discussion (200 points or 20% of overall grade in the course)**

The Online Discussion component of this course is comprised of weekly Discussion Questions (DQs) and is an important part of class. Most weeks there will be discussion related to the course material. The faculty member posts weekly main discussion questions for the class to discuss. Students are expected to respond to ALL Main DQs. As a general rule, Main DQ responses should be at least 150 words in length.

Online discussion is a very important part of online learning. Through your responses to weekly Main DQs, you will learn to integrate class material into your thoughts and learn more about how others view business research. Additional discussion with classmates and the professor helps us all learn more about the material. As such, each week you are also expected to make at least 2 thoughtful and substantial responses to classmates.

I suggest that class members participate in the online discussion at least two times per week. It is a good idea to check in early in the week and again closer to Sunday (the last day of each week of class, except as noted in the Course Schedule). This assures that you are an active member of the class throughout the week and have ample opportunity to interact with other class members. Weekly Discussion will be closed at 11:59 p.m. Central Time on Sunday nights, unless otherwise noted below.

For each Main DQ, you will be graded on (1) your response to the question and (2) your responses to classmates' discussion of that same discussion question (at least two responses required per discussion question).

Weekly Online Discussion Will Be Graded as Follows:

Responses to Main DQs (worth up to 12 points per Main DQ) should:

- be made in a timely fashion that gives others an opportunity to respond
- include accurate information and be on topic
- be thoughtful, organized, and analyze the information and/or question
- Incorporate and cite information from the textbook, outside academic sources, credible websites, etc.
- utilize appropriate language, grammar, and spelling

Responses to Classmates' Postings (worth up to 8 points) should

- for each Main DQ, include at least 2 responses to classmates
- be constructive/supporting
- add to the overall value of the discussion (simply posting a statement of "I thought this week's ideas were neat" or "I agree") will not count towards your participation points
- utilize appropriate language, grammar, and spelling

Quizzes (each quiz is worth up to 30 points for a total of 300 points or 30% of the overall course grade):

There will be ten (10) quizzes over the assigned readings and course materials. Quizzes are designed to assess your understanding of the course materials. You will have the opportunity to take each quiz two times and keep your highest score.

All quizzes are taken in Blackboard and are timed. You have 60 minutes to complete each quiz. Once you start a quiz, you must complete it. You will not be able to log back into a quiz once you have opened it. You should make arrangements to take each quiz on a computer with a secure internet connection – the Blackboard app does not always work well for quizzes and/or exams.

Please see the course schedule for due dates. Generally speaking, you should expect to have one quiz each week that is due in Blackboard by 11:59 pm on Sunday evening.

Written Reviews (each Review assignment is worth up to 75 points for a total of 150 points or 15% of the overall course grade):

Each student will be required to write two (2) reviews. Each review should be 2-3 double-spaced pages with 12-point font and use 1-inch margins. These reviews will cover a variety of areas within the humanities.

Including personal experience with the topic is optional, but it must be relevant to the topic if it is included and it should not be the main focus of the composition. Assignments must be typed and correctly submitted through Blackboard. Your composition should follow the guidelines of standard written English, and should follow basic essay format including an introduction, logical paragraph flow, and a conclusion. Papers cannot be submitted through email.

See Course Calendar for all specific deadlines. More specific instruction will be given in class during the semester.

Hero's Journey Analysis (worth up to 100 points or 10% of the overall course grade)

For this assignment, students will analyze a film that depicts the different stages of Joseph Campbell's description of the mythological "Hero's Journey". This analysis involves being present in class for the review of the film as well as a Blackboard assignment related to the analysis. More details on this assignment will be provided in class.

Midterm Exam (worth up to 50 points or 5% of the overall course grade)

This online, objective (true/false, matching, multiple choice) exam will cover the material from the first half of the semester. This exam will be posted in Blackboard. Please remember you must take the Midterm in one sitting, you cannot start it and save it to finish later. You must take the exams individually.

Taming of the Shew Analysis (worth up to 100 points or 10% of the overall course grade)

For this assignment, students will analyze a modern film adaptation of William Shakespeare’s play “The Taming of the Shrew”. This analysis involves being present in class for the review of the film as well as a Blackboard assignment related to the analysis. More details on this assignment will be provided in class.

Final Exam (worth up to 100 points or 10% of the overall course grade)

This online, objective (true/false, matching, multiple choice exam will be taken during the time allotted for final exams. This exam will be cumulative. This exam will be posted in Blackboard and must be taken during the time allotted for final exams at South Plains College. Please remember you must take the Final Exam in one sitting, you cannot start it and save it to finish later. You must take the exams individually.

Make-up exams: Students should make every possible effort to take each exam on the scheduled date and time. If necessary, students may only take one make-up exam during the entire semester. If you will be missing an exam, you must inform the instructor at least 24 hours prior to the scheduled exam time. If students fail to notify the instructor 24 hours prior to the exam, the make-up exam will automatically be scheduled during finals week. If you fail to attend your scheduled make-up, your grade for that exam will be a zero, no exceptions.
