ASSOC PROF NANCY SMITH  
SPRING 2025  
HUMA2319

**SPC COVID Return-to-Learn MANDATED POLICY:**

There is an IN-CLASSROOM COVID policy that must be adhered to. This does not impact online classes and you should be able to continue your work as usual. The only exception will be hospitalization and you will need to contact me and the SPC Health Services, DeEtte Edens, BSN, RN at (806) 716-2376 or [dedens@southplainscollege.edu](mailto:dedens@southplainscollege.edu).

**Department:** Behavioral Sciences

**Discipline:** HUMANITIES

**Course Number:** HUMA 2319

**Course Name:** AMERICAN MINORITY STUDIES

**Credit:** 3 Lecture: 3 Lab: 0

This course satisfies a core curriculum requirement: Yes – Language, Philosophy and Culture

**Prerequisites:** none for campus; TSI reading for Internet

**Available Formats:** Conventional and Internet

**Textbook:** N/A – *online readings provided*

**Supplies:** Computer and Internet access for Internet courses and campus classes.

**Course Description: (3:3:0)** : This interdisciplinary survey examines the diverse cultural, artistic, economic, historical, political, and social aspects of American minority communities. Topics may include race/ethnicity, gender, socioeconomic class, sexual orientation, national origin, age, disability, and religion.

Semester Hours: 3 Lecture Hours: 3 Lab Hours: 0 (This course covers the historical, economic, social, and cultural development of minority groups, including African-American, Mexican-American, Asian-American, and Native-American issues)

**Course Purpose/Rationale/Goal:** American Minority Studies provides a multidisciplinary analysis of the subordinate/dominant statuses of individuals and groups by recognizing the impact of race/ethnicity, gender, and socioeconomic class of individuals and groups in relationship to American society. The course is designed to foster critical analysis of the issues of difference in our society and to prepare students to understand and interact with people from diverse backgrounds and cultural perspectives throughout their lives. Art, literature, historical analysis, economic analysis, and/or music will be utilized to understand the cultural differences.

**Learning Outcomes/Competencies:**

Upon the successful completion of this course, students will:

1. Analyze the history, culture, and struggles for equality of American minority groups.
2. Articulate an informed personal response and critically analyze works by minorities in the arts and humanities.
3. Demonstrate awareness of multiple cultural perspectives representative of diverse minority groups.
4. Describe the impact of discrimination on the everyday life of minority groups in the context of social, political, and economic circumstances.
5. Analyze minority group interactions in the United States focusing on immigration and migration patterns,

assimilation processes, and adjustments to American life.

6. Formulate an understanding of shifting societal perceptions and self-identifications of minority group cultural identities.

**Core Objectives Assessed:** [techniques vary by instructor]

- **Communication skills-** to include effective written, oral and visual communication.
- **Critical thinking skills-** to include creative thinking, innovation, inquiry and analysis, evaluation and synthesis of information.
- **Social Responsibility-** to include the demonstrated intercultural knowledge and competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national and global communities.
- **Personal Responsibility-**to include the ability to connect choices, actions, and consequences to ethical decision-making.

**Texas Coordinating Board Approval Number**..... 45.1101.53 25

**Course Requirements:** To maximize the potential to complete this course, a student should attend all class session, complete all homework assignments, and complete all examinations. The specific course requirements are listed on the individual instructor's course information sheet.

**Course Evaluation:**

Please see the instructor's course information sheet for specific items used in evaluating student performance.

**Standard Written English REQUIREMENT:**

All written assignments should be presented using the conventions of Standard Written English. South Plains College requires all students to become proficient in "academic English," a form of English that is typically used in academic, professional, and business contexts. While slang, regional idioms, and informal kinds of self-expression are appropriate in some contexts, they are out of place in academic writing. Writing instructors and professors in courses across the campus **expect all students to demonstrate proficiency in using the conventions of academic English in their written work, whether it is in-class exams or take-home essays.** Each instructor may also add additional requirements regarding written assignments that are contained in your syllabus.

**Attendance Policy:** Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

## Academic Appeals Procedure

### INFORMAL APPEAL

1. The student should schedule an appointment with the instructor of the course to discuss the final grade or discipline action.
2. If the student is still not satisfied, he/she should schedule an appointment with the appropriate department chairperson to discuss the situation. (The chairperson may request that the instructor also be present.)
3. If the student is still not satisfied, he/she should schedule an appointment with the Divisional Dean to discuss the situation. (The dean may request that the chairperson also be present.)
4. If the student is still not satisfied, he/she should be advised of the formal appeal process.

### FORMAL APPEAL

1. If the student is not satisfied with the results of the Informal Appeal, he/she should provide the following information, in writing, to the Vice President for Academic Affairs:

a. A request for a formal appeals hearing. b. A brief statement of what is being appealed. c. The basis for the appeal. d. Pertinent facts relating to the appeal.

NOTE: The agenda of the appeals hearing will include only those factors documented in the student's appeal request letter.

2. The Vice President for Academic Affairs of South Plains College, will determine the date, time and place of the hearing, and notify the student accordingly.

### THE HEARING

1. Composition of the appeals committee:

a. Vice President for Academic Affairs will preside over the hearing. b. Faculty member of the student's choice. c. Faculty member and student of the Vice President for Academic Affairs. d. President of the Student Body/Student Advisory Council. e. Vice President of Student Affairs.

2. Other persons who should be available at the hearing:

a. The student who requested the hearing. b. The faculty member involved. c. Anyone the student or faculty member wishes to be present to substantiate the case. d. Chairperson and Divisional Dean.

3. Hearing Procedure: The Committee will hear the student's appeal during which the parties to the controversy, and such representatives as desired, will present all facts relating to the case. Consequently, the committee will recommend appropriate action by majority vote.

4. The termination of the hearing finalizes the academic appeal procedure.

### APPEAL RESTRICTIONS

1. Only final grades or dismissal resulting from academic discipline will be considered. 2. The instructor's teaching ability or expertise will not be considered during the hearing. 3. No grade or disciplinary action can be formally appealed after a period of six (6) months from the date that the student is informed.

**Required Text:** *Your textbook readings are required and will be provided through .pdfs*

## THE RULES:

**\*\*Be sure to check the online catalog and STUDENT HANDBOOK for SPC rules and expectations regarding Academic Integrity. There are very specific warnings – including ChatGPT \*\***

**Academic Integrity:** Cheating of any type is a serious matter and will **NOT** be tolerated. This includes cheating in **any form** on tests, quizzes, homeworks, and/or assignments (such as copying someone's exam or assignments), and plagiarism. This also includes using any AI source and presenting it as your own work.

According to the South Plains College website, <http://www.southplainscollege.edu/library/smartstarts/mod6/04-plagiarism.html>, "plagiarism is presenting the words or ideas of someone else as your own without proper acknowledgment of the source. It is okay to use the ideas of other people, but you do need to correctly credit them. When you quote people – or even when you summarize or paraphrase information found in books, articles, or Web pages – you must acknowledge the original author."

(If you do not know/understand what constitutes plagiarism, or if you need further clarification ask me or look it up .. **ignorance will not be an excuse.**) Do not even THINK ABOUT cheating in any way.

### Artificial Intelligence (AI) Resource Policy:

There are now websites that will generate semi-unique material that somewhat resembles original material. Since technology is available to create this content, technology is also available to detect this content. Make no mistake, this is plagiarism. If you submit work obtained by using AI or is suspected of utilizing AI, it will be considered plagiarism and receive a grade of zero for the work. This course policy will be provided as feedback for the detected/assumed coursework, letting you know that AI is suspected, or plagiarism has occurred. It is your responsibility to follow up with me within 7 days (one week) of the posted grade if work has been incorrectly flagged for AI use. You can discuss the coursework in question with me by appointment in order to earn credit. In these cases, you will need to verbally provide mastery of concepts related to the work in question. Any further attempts at using artificial intelligence as one's own work will continue to earn zeroes and the following may happen for this or any Academic Dishonesty:

However, if you do and if you are caught the **following WILL happen ...**

1. You will receive a ZERO on the assignment and we will have a discussion
2. You will be ineligible to receive any extra credit points
3. You may be dropped ONE letter grade at the end of the semester
4. IF you are caught a second time, you be dropped from the class with an F
5. You will be reported to the Dean of Students

THIS HOLDS TRUE FOR ANY ASSIGNMENT – EVEN AN EXTRA CREDIT ASSIGNMENT. Penalization because of plagiarism/cheating is the consequence of YOUR choices and YOUR actions. It is not something I am doing to YOU – it is what YOU are doing to YOU.

**This is serious. I am serious. DO NOT DO IT !!** Take the low grade for not-knowing/doing the material, rather than the above repercussions for cheating.

**Student Behavior:** This is college, and I view you as an **adult**. **Please act like one.** Be courteous, be respectful, think before you speak. Do not disrupt class. If you are disruptive with your online responses or comments, you may **be dropped from the class.**

**Attendance:** Here's how it works in this class:

"Participation" in this online class is mandatory – you must be active. There are numerous assignments which should force you to log-on continuously. I understand that each of you has your own schedule and will be logging-on at different times. That's fine. All that is expected of you is that you GET THE WORK DONE !!

**I do not accept late work (one exception – see the "Grading Rubric" for Discussions).**

Each assignment and discussion has a dictated due DATE and TIME. It is your responsibility to get the work done and submitted to me by the designated time/date. Therefore, since this is a virtual classroom, attendance will be taken according to completion/submission of Discussions, Quizzes, Assignments, and projects.

If you are unable to log-on or complete your work for any reason, YOU MUST CONTACT ME ASAP!

Excuses such as "The network was down," or "I could not figure out how to send the assignment through the assignments function" are not acceptable. In short, plan ahead and **do not wait until the last minute to submit your assignments.**

I do use the Retention Emails to notify you of excessive missed-assignment-counts and to allow you to receive intervention from a Counselor

#### **Administrative Drop Policy:**

1) Anyone who has not turned in any work before the Roster Certification date will be dropped for "never attending"

2) Anyone who has more than one count of disruptiveness will be subject to an Administrative Drop. Anyone who has two instances of plagiarism will be subject to an Administrative Drop.

**3) It will be the responsibility of the student to withdraw themselves from the class for any reason they feel they will be unsuccessful in the course**

**Courtesy and Respect:** I am your instructor, and though I may joke around with you please don't lose sight of the fact that I am still your instructor. So please do not address me with "hey," "yo," etc. Emails must also abide by Standard Written English. Standard Written English, courtesy and respect is expected in all manners of correspondence, and I will do the same. THANKS !!

#### **THE GRADES:**

**1. Tests:** You will be instructed to take an exam/quiz for some units. These tests are timed and will shut down if you exceed the allotted time.

- There are NO make-up exams except for **EXTREME** circumstances which must be discussed with me within ONE DAY of your missed test .
- Do not be late for tests – I do not accept late work.
- If you happen to miss a test .. do not fret. A missed test does not equate to Failing the class. It could, if your grades for everything else are poor .. but if you are a good student and do well on everything else, a missed test **should not** lead to a failing grade.
- The test questions will be randomly selected and will consist of Multiple Choice and True-False.

**2. ASSIGNMENTS & Projects:** I do not accept late assignments unless your issue has been discussed with me. Things are due when they are due. Anything not turned in when collected is considered LATE and will not be accepted.

I suggest that the lengthy assignments/projects be typed in Word first and then copy/pasted to the **SUBMISSIONS BOX** of the assignment on Blackboard. The reason for this is that if you are idle in Blackboard for a certain length of time, it could boot you out; which means that your incomplete work will be lost. That will be very frustrating. So, if you know that you will be working on an assignment or project for a good amount of time, do it in Microsoft Word first.

**Please follow these instructions:** Number your answers in correlation to the numbered questions. Standard written English is EXPECTED on all written assignments. NO TEXT ABBREVIATIONS or LINGO. If Standard written English is not illustrated, points WILL BE DEDUCTED.

**DO NOT SEND ME ANY "attachments" unless specifically instructed to do so.**

When turning in "assignments," please number your answers in accordance with the numbered questions being presented. Do not turn your answers in to me out of order and/or all in paragraph form. It is too difficult to try to guess which answer goes with which question. If this is done, it is likely I will mark it all wrong as I cannot guess.

**Anything not turned in according to instructions will not be accepted and a zero will be applied**

**3. DISCUSSIONS:** Each unit has one or more discussions that require your posts and comments. You must read the instructions carefully for each one. Pay attention to the due dates/times! No late work will be accepted [there is one exception noted on the "Discussion Grading RUBRIC" ] .

Discussions are used in online courses for you to prove that you "get it;" that you understand the material, that you are reading the material, and that you are proficient enough in it to expand upon it in discussions. This is how face-to-face class interaction is substituted. It is very valuable and REQUIRED for this course.

Please review the guidelines I have posted on proper "netiquette." Just because we don't see your face and/or hear your voice does not give you a free pass to be rude, crude, or hurtful. The computer is not a veil.

**Please refer to the grading rubric I have posted. I will be using it to grade your postings, and there are certain criteria you must fulfill.**

**\*\* REGARDLESS OF WHAT THE ASSIGNMENT IS... YOU ARE EXPECTED TO WRITE IN FORMAL GRAMMAR. I WILL NOT ACCEPT ANY TEXT MESSAGING ABBREVIATIONS !! THIS IS A CLASS..NOT A PHONE.... \*\***

**Also, for Discussions... I expect you to include and USE terms and definitions from the unit within the context of your answer. You will lose points if I do not see terms being used and definitions !**

\*\* Most discussions are "closed" where you need to post your answer first, before you can see any of your classmate responses. I understand that students can manipulate this. I also understand that students can make mistakes when posting. But you need to understand that I need to grade YOUR work and comprehension of the material, not something you copied from a classmate. So, upon your 3<sup>rd</sup> "manipulation" of this set-up, **you will receive a zero** on the discussion for this and every manipulation moving forward . \*\*

**Final note about Discussions: IMPORTANT:** Blackboard can only generate one due date/time per assignment. Therefore, the date BLACKBOARD alerts you about is the date/time when the Discussion closes. However, you have two separate due dates and should go by the manual, .jpeg calendar I provided. You will have a posting to do BEFORE that Bb generated due date/time. BE CAREFUL and be aware!

Your overall, class grade is compiled in the following way:

Exams = averaged and constitutes 20% of your grade  
Discussions = averaged and constitutes 30% of your grade  
Assignments = averaged and constitutes 20% of your grade  
Project(s) = averaged and constitutes 30% of your grade

Final Grades:

A = 90 and above

B = 80-89

C = 70-79

D = 60-69

F - 50 and below (F is the only "failing" grade)

\*\* Different from high school, you cannot retake nor correct assignments. You get the grade earned as is. You can fail the class \*\*

**\*\*DO NOT Look at the tally of “points” provided by Blackboard to determine your grade. Your grade will be calculated through a percentage-base, not point-base and your running grade will be updated approx. every 2-3 weeks\*\***

### THE GOOD NEWS:

#1 - I am a strong supporter of **EXTRA CREDIT** ! I believe that in order to learn about other cultures/groups, participation and observation in cultural functions outside of the classroom is necessary. This may come in the form of attending public presentations, performances, exhibits, events, or watching videos, TV shows, as well as reading articles/books, text book chapter reviews.

**It just needs to pertain to a minority group (or member(s) of) in the United States.**

I will announce eligible events as they come up, BUT you are not solely limited to these events. Check with me if there is something you want to do or watch. **You are encouraged to do extra credit over your ideas.**

If you choose to do Extra Credits, there is a format of what you need to turn in. The four-paragraph requirement is as follows:

1. A bulked paragraph review of the event in your own words. (**DO NOT PLAGIARIZE**) - what was “it” about. Prove that you did the extra credit, so be sure this paragraph is substantial. For example, if you watched a movie, what was it about (beginning/middle/end); if you went to an event, what was it about. If you interviewed someone, give me the background of the person.
2. How it relates to class. – what terms/concepts from class did you see illustrated in your extra credit? Give me the terms/concepts and give me their correlating examples from the extra credit item. You must have at least 2 and be sure to support the terms with their examples. If the extra credit item already uses class terms, you cannot use them.
3. What it tells you about that minority group or minority person – what did you learn
4. Your personal reflections – what did you think about “it?”

\*\* If you report on an article or event, you must include a copy of the article or URL, or a program from the event.

All extra credit assignments must be turned-in through email, typed, double spaced, normal 10/12 font, 1” margins, and with all four criteria met. Standard Written English must be displayed. If your paper is not formatted as stated, it will be turned back to you ungraded. If completed correctly, handed-in extra credits can earn you **2 points each** to be added to your final, overall grade. A maximum of **8 points of extra credit** will be allotted to be added to your final grade. This is a CHOICE you have .. extra credits are not required.

Find something that you like, that relates to class, for your extra credits!

**\* THE LAST DAY TO TURN IN EXTRA CREDITS IS BY 11:59PM on Saturday, April 26 – via email [nsmith@southplainscollege.edu](mailto:nsmith@southplainscollege.edu) -or- the Internal email/message on our blackboard page.** If you turn them in early I can grade and turn back to you for any editing as long as it is a few days before the deadline.

HINT: \*\* Regularly check the "ANNOUNCEMENTS" tab for an ongoing list of articles that will work \*\*

**#2** – Occasionally you will see some internal extra credits – extra credits found within the units. These are separate than any outside extra credits you do. These are usually worth 2 pts each and will be added to your final, overall grade in addition to any outside extra credits you complete

### NOTE:

If EVER you should have any questions, concerns, etc – come and see me or contact me. That is what I am here for .. that is what my office hours are for. I cannot help you if you don't come and talk to me.

### COMPUTER INFORMATION FOR AN ONLINE CLASS:

Blackboard Learn Ultra is the computer software used to deliver this course. It is essential that you have reliable access to the Internet and a computer (versus a phone). It is not necessary to purchase or own your own computer but you should have a backup plan in place should you encounter computer problems. There are open computer labs available to all enrolled SPC students on all campuses. It is also the student's responsibility to have the required computer skills to complete this course. More information on online courses is available at [www.southplainscollege.edu/online](http://www.southplainscollege.edu/online).

**IF YOU SHOULD EVER ENCOUNTER TECHNICAL DIFFICULTIES WITH THE SYSTEM, DO NOT CONTACT ME. YOUR FIRST PHONE CALL SHOULD GO TO 806-716-2180 or email [blackboard@southplainscollege.edu](mailto:blackboard@southplainscollege.edu). OTHER TECHNICAL ASSISTANCE CAN BE FOUND AT BLACKBOARD.COM, AND THE SPC WEBPAGE (THEY HAVE TUTORIALS). You may email to tell me that someone from SPC Blackboard assistance is helping you, but do not call me for Technical/Computer related questions. I am not the expert on that. I can help you on ASSIGNMENT and COURSE CONTENT questions ... not the "system" questions.**

Most Web educational experience will require the use of several additional browser plug-ins. The following list is a list of software that you will probably need to download for this class. It is very highly recommended that you have an anti-virus program on your computer. You may also need **Adobe Acrobat** for several readings and a multimedia player such as **Windows Media Player, VLC, or QUICKTIME**. **\*\* Students seem to have problems watching videos on an Apple/Mac device. \*\* [VLC might be the best to download]**

#### **MINIMUM Software requirements:**

Microsoft Word, WordPerfect, or another word processing program capable of saving files in RTF (Rich Text Format).

Web Browser – Firefox or Google Chrome is recommended (this is a free downloadable program) - If you plan on using a browser supplied by your Internet service provider (for example, AOL or WebTV) make sure it is the most recent version. We cannot guarantee that all course features will function in all browsers.

Your course may require special (free) plug-ins to access Streaming Media, PDF files, or other web components.

Antivirus software

If you are using a **CHROMEBOOK** and are having difficulty, please try either of these two options:

- Go to <https://view2.southplainscollege.edu/> and use the HTML(web) version within the browser.
- Otherwise, most chromebooks have the option to install the VMware Horizon View Client App. They will enter [view2.southplainscollege.edu](http://view2.southplainscollege.edu) as the server.

Other Software you will need:

- RealNetworks RealOne Player
- Adobe Acrobat Reader
- Apple Quicktime Media Player
- Windows Media Player or VLC Media \*\*\*

More computer requirements:

Since this course are entirely online, participants are expected to have at least an elementary knowledge of their microcomputer operating system and basic knowledge of software and tools such as a word processor, e-mail, an Internet browser, and search engines.

#### **SEMESTER SCHEDULE**

Each Unit has open/close dates. Every item therein has its own due date and time. Please be very careful to observe when items are due. Be sure to read all instructions very carefully. Please look at the monthly calendars I have posted in the class – on them you can see when every Assignment/Discussion/Test is due as well as when each Unit opens and closes.

Each Unit has different amounts of work. Hence to give you adequate time for completion, there is not a standard pattern nor day that would work for ALL Units. Please check your calendar DAILY. \*\* I have posted EACH MONTH's CALENDAR in the START HERE PAGE – please look at them and print them out. \*\*

**FINAL NOTES:**

Please allow up to 7 days for a grade to appear. I do check my emails regularly, however I like to grade on the weekends.

If you are trying to figure out your averages as we go along, please refer to my grading information here in the syllabus. I do not use "POINTS" and you should not refer to the "total points" column in Blackboard. Instead you must calculate your PERCENTAGES.

Again, if you should have any questions on the content or instructions.. please notify me.

If you should have TECHNICAL issues/problems/questions .. please notify SPC Blackboard assistance at 806-716-2180 or email [blackboard@southplainscollege.edu](mailto:blackboard@southplainscollege.edu) .
